Subject: Pride Industries

Dear Ms. Hendrixson:

The purpose of this letter is to advise you that Black & Veatch Special Projects Corp. (BVSPC) has been retained by the City of Chicago to perform a phase I environmental site assessment on a location within the City of Chicago that includes the Pride Industries site identified as CERCLA No. ILD077026656. BVSPC was assigned this site under Work Assignment 29-5JZZ under the site screening inspection project. However, no work was actually performed on the site.

We believed it was important to advise you that the work we are performing for the City of Chicago will involve providing them with information regarding the current status of this site and what was identified there under the previously performed Illinois Environmental Protection Agency removal action.

If you have any questions or desire additional information regarding our work associated with this assignment, please feel free to contact me.

Sincerely,

BLACK & VEATCH Special Projects Corp.
